Enter your guardian's Name and Email address DartFrog doesn't need to know any other information about your guardian, just enough to keep you safe.

Follow Me. Let your guardian know that you have started your journey and the ETA.

I'm safe. Click the button on the screen and an email will be sent to the guardian with a message saying that you are safe and your GPS Location.

You don't have to call anyone or SMS and have a conversation. it's simple and effective. "I'm safe"
